**Equity -  
needs  
based**

# Priorities 2022 - 2024

## Interim Pacific Health Plan

### Pacific Health Enablers Building critical foundations

Population health  
& intersectoral  
collaboration

Community &  
lived experience  
voice

Data &  
insights

Commissioning

Workforce  
Development

Provider  
Development

### Pacific Health Priorities Accelerating health gains

Mothers  
& babies

Children  
& youth

Older  
people

People with  
disabilities

Mental health &  
wellbeing

Long-term  
conditions (cancer,  
gout, diabetes)

Pandemic  
response

# Priority actions

- ✓ **Commissioning for diabetes in South Auckland**
  - Evaluate current Pacific family-focused integrated care models
  - Invest in a South Auckland based pilot delivering integrated care
- ✓ **Kahu Taurima | Maternity & early years**
  - Develop and implement Pacific integrated models of care
  - Address health gaps and needs of Pacific children following the pandemic

# Priority actions

## ✓ Pacific provider development

- Commissioning
- Partnerships
- Regional Pacific Community Hubs for *integrated* service delivery

## ✓ Clinical network development

- National Pacific Clinical Network
- Frontline insights informing quality improvement and service delivery
